McLaren Vale | 2023

SHIRAZ

Alc: 14.5%

Region

McLaren Vale enjoys a reputation for producing high quality Shiraz and Grenache along with some alternative varietals from Italy and Spain. Elevation peaks at 350 metres along the Sellicks foothills with these vineyards influenced by cooler gully winds, making them ideal for white wine and cooler climate varieties.

Tasting Comment

A classic example of McLaren Vale Shiraz. Deep garnet, with a red brick hue. The nose shows plum and black fruit notes with a hint of toasty oak and dark chocolate. The palate is medium to full bodied with linear tannins. American and French oak play a supporting role to plum and raspberry fruit flavours.

Suggested pairings: perfectly placed on the table with your barbecue dinner or accompanied with a platter of hard cheese and dried fruit.
