

DENTON

VIEW HILL CHARDONNAY 2025

VINEYARD

Clones: P58, Gin Gin, B95

Blocks: 4, 5 & 6 – Denton View Hill Vineyard

Fruit was sourced from a patchwork of granite-underpinned blocks across the north-eastern slopes of View Hill, with each parcel contributing its own character in flavour, texture and acid line.

VINIFICATION

Gin Gin and B95 were hand picked and whole bunch pressed, while P58 was machine harvested and pressed to tank. A small portion (approx. 5%) spent one week on skins prior to pressing.

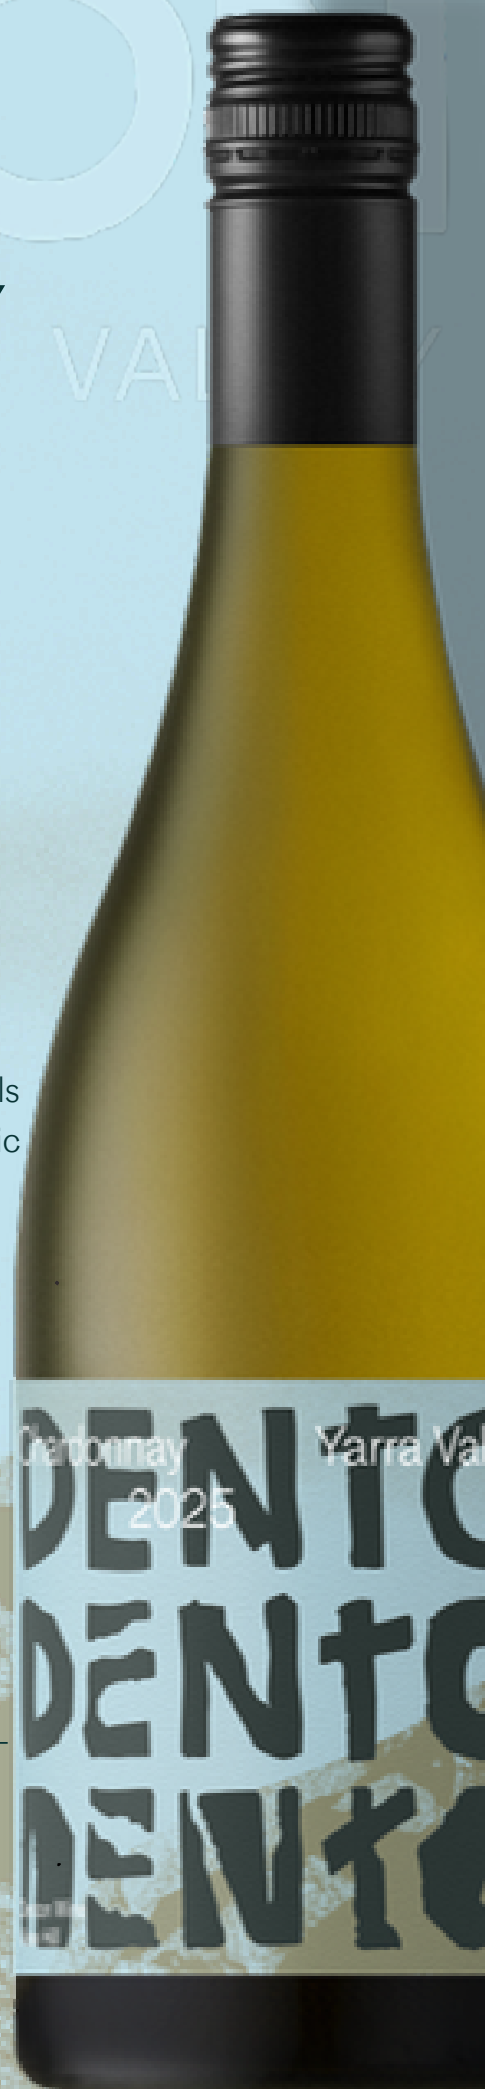

Fermented 80% in stainless steel and 20% in French oak barrels (approx 5% new) and matured for 11 months on lees with periodic stirring. 100% malolactic fermentation. Light fining and filtration prior to bottling on 3 February 2026.

VINTAGE

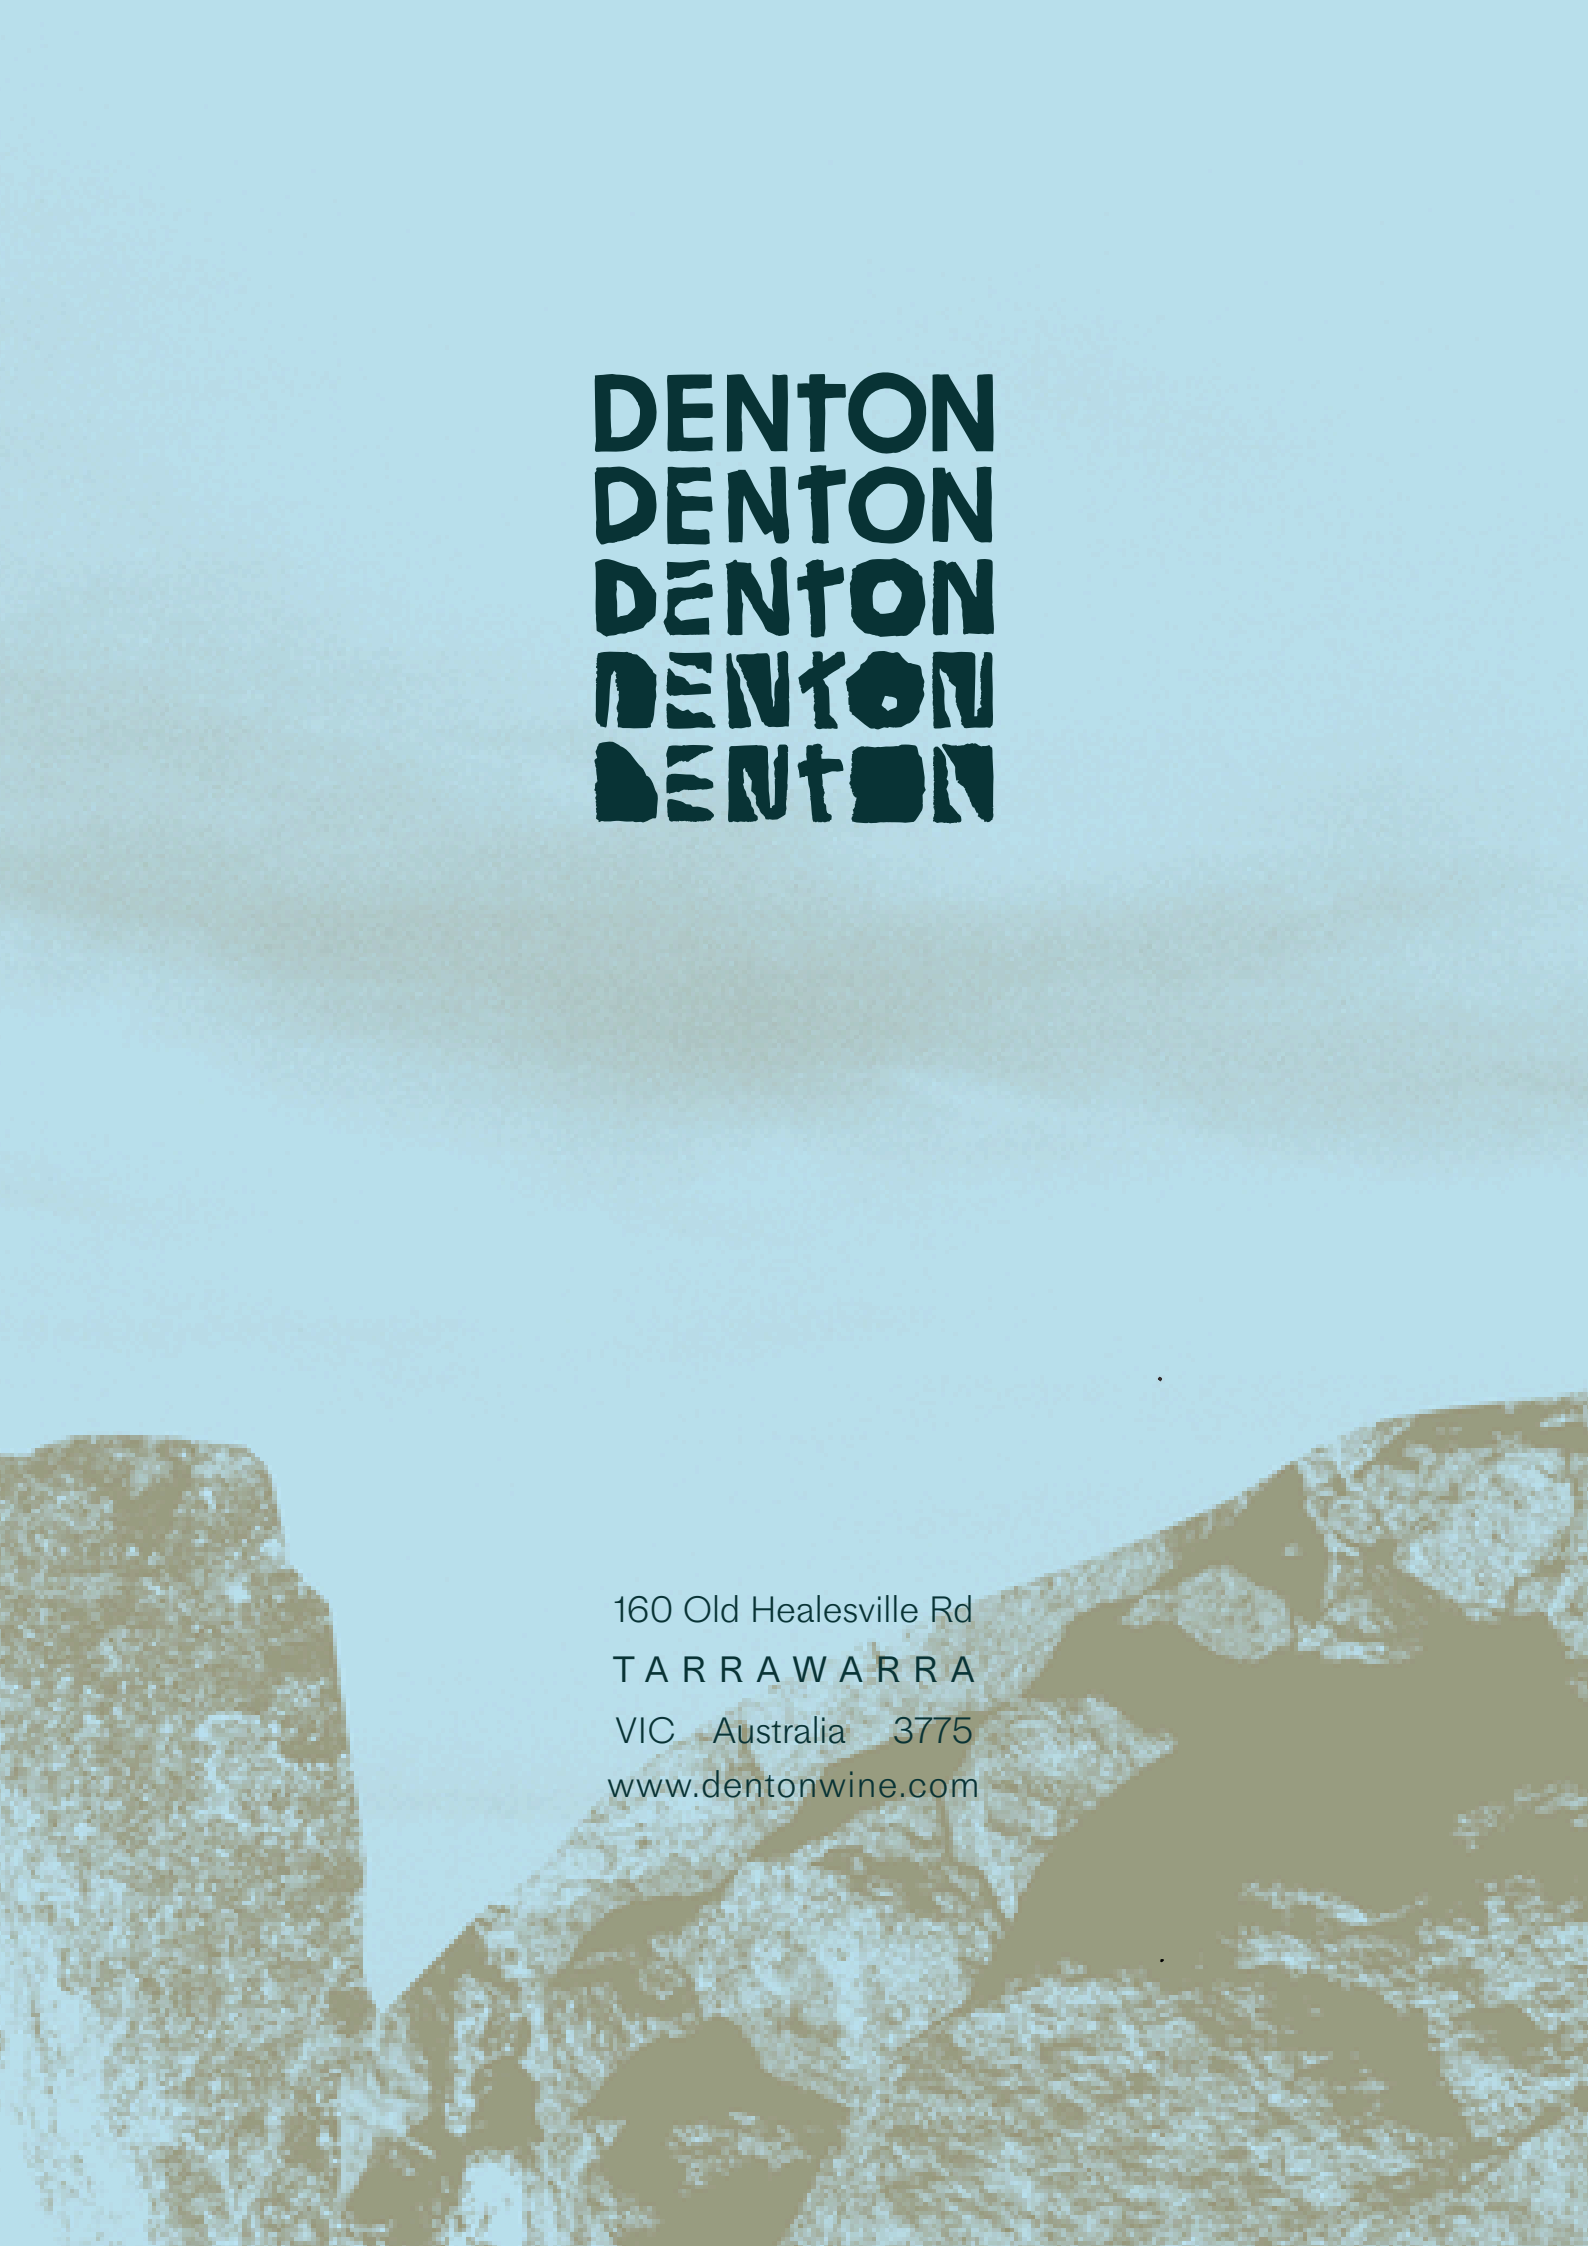

A balanced growing season with solid fruit set and healthy canopy development. Dry, warm conditions through the latter part of the season allowed even ripening and minimal disease pressure. Careful management ensured fruit came in bright, healthy and with a full spectrum of flavour.

TASTING NOTE

White peach, lemon blossom and grapefruit with subtle almond-meal and fine lees complexity. The palate is generous and textural without excess weight, with bright acidity and a long, savoury edge.

Alc : 13.5% pH: 3.30 Closure : Stelvin Pack : 12 bottles
