For over three decades, Man O' War has challenged convention – pursuing steep hillside viticulture on the rugged eastern edge of Waiheke Island. The resulting patchwork of coastal vineyards follow the land's natural contours, capturing distinct terroirs and producing a diverse range of varieties defined by both power and finesse. And now Swiftsure carries this same pioneering spirit South – crafting elegant, complex, wines from alpine vineyards established on low-yielding, high-altitude sites in Marlborough and Central Otago's Bannockburn.

Escarpment strives to produce wines that capture a unique sense of place. Our winery is based on Te Muna Road on the fabled distinctive alluvial gravels of the Martinborough Terrace, perfect for sublime Pinot Noir. “Te Muna” in the Maori language means “secret” or “special place”, and to us at Escarpment that is exactly how we feel about the land and what it means to live, grow and make wine there. We are focused on creating wines with an identifiable structure, complexity and fruit expression that reflect their distinctive sites and their regional Martinborough accent.

Torbreck Vintners was created with the aim of building one of the finest wine estates in the world. Founded in 1994, over the ensuing years we have been fortunate to have had the opportunity to invest in the protection of some of the Barossa's (and the world's) oldest, most precious vineyards. Spread across 20km of the valley's western ridge, 200 acres of exceptional old vine sites dating back 170+ years. The historic Hillside Vineyard (Lyndoch, 1850), the Daylight Chamber Vineyard (Gomersal, 1900), The Laird Vineyard (Marananga, 1958), all join our home block the Descendant Vineyard under the custodianship of Torbreck.

Dandelion Vineyards are proven plantings that have stood the test of time. Capturing variety, vintage and vineyard require an enlightened approach and although our growers see the Devil in every weed, we encourage the humble Dandelion amongst the vines as they suppress winter weeds and provide mulch in the summer. Dandelion's philosophy is to create wines focused on vineyard site and varietal purity. Their styles offer great acidity and structure making wines to be enjoyed with diverse food and great company. Modern wines for the modern palate.

Like the four Ps of marketing, we believe in the four Ps of wine: Place, People, Passion, and Philosophy. For five generations and over one hundred years the Borthwick family have built a farming, wine and food legacy and now the current generation are continuing to grow that story. Established in 1996 adhering to the traditional values of winemaking, the 27 hectares of vines meld easily into a landscape that is exceedingly sought after. A distinctive specialist and exclusive importer of the finest wines from Australia and New Zealand, that's what we are. Choosing Australia as our specialty was inevitable, simply because it is one of the most diverse, dynamic, and high-quality wine countries in the world. The best from Australia is world-class, plain and simple. The same goes for New Zealand, that other beautiful wine country in the South Pacific that earns our special attention. The wine culture there is younger and the variety of wine styles more limited, but the promise this wine country holds can rightfully be called boundless.

Small Wonder crafts expressive, cool-climate wines from two of Tasmania's leading cool-climate regions: a certified organic vineyard in the Tamar Valley and a second site in the Coal River Valley, currently in organic transition. All wines are hand-harvested, made and bottled on-site at a purpose-built winery in the Tamar Valley. Winemaking is light-touch yet precise: wild ferments, gentle lees work, restrained oak and gravity-led handling. With small-batch fermentations and block-by-block vinification, each wine reflects its site, soil and season. A new cellar door and restaurant are set to open in 2026, further elevating Small Wonder's role in Tasmanian wine and tourism.
